Hi Lucy,

Just so you know, your Spanish 4A course is a semester course you have until January 15th to pass the course. I will need to let Mrs. Pellegrom decide how to do the schedule. I am not sure what she will have to do. You do have until Nov. 30th to try to get the other course over 60% so that you can get credit for them.

This first trimester I do not think I will be passing any class...Online is not for me and I honestly struggled so much... For the second trimester do you think that you could please take off Spanish from my schedule so I can have room to re-take the courses that are needed to pass my Junior year?
